## **ACKNOWLEDGEMENTS**

The editors wish to express their appreciation to all contributors to this volume, many of whom also actively participated in annual meeting of the School of Human Rights Research in Maastricht on 29 October 2004. A great deal of time and effort was put in preparing the presentations and in adapting the contributions for publication.

A word of thanks should also be addressed to our student-assistant Ida Nylund who has painstakingly checked all the footnotes and to Chantal Kuijpers who not only took care of the organisational and logistical aspects of this annual meeting, but who also prepared the manuscript for publication.
